

## Honor Points

In this, the final issue of the **CARDINAL** for 1965, we wish in this, the final "Points of JSHS Honor," to spotlight those graduating members of the Senior Class of 1965 who have been awarded scholarships to the colleges or universities of their choice. Although there will be several announcements of scholarships at and after graduation exercises, many have already been awarded.

Among those who will receive scholarships are Phyllis Roberts and Carol Sheridan, who have won Georgia State Teachers Scholarships. Ursula Alexander has been named as one of fifteen Queen Scholars at Queen's College, Charlotte, North Carolina. Gary Deaton has been awarded a scholarship to Emory University.

We wish these "Scholars" well in their college careers and congratulate them on receiving these great Honors for themselves and their Alma Mater.

Congratulations go to band Captain Susan Tate, winner of the John Philip Sousa Band Award for her years of service and devotion to the band.

Those who have earned an "A" average throughout their high school careers will be designated as Honor Graduates during the Graduation Exercises. We applaud the continuing efforts of these and similar "Students of Honor."

## MESSAGE From The PRINCIPAL

Thank you for the many things you have done to make this a very successful year. The student body as a whole has done a wonderful job of taking care of the facilities placed here for our use, but we still have a few who do not know how to take care of public property. We sincerely hope that the large majority of students who would like to keep the facilities looking as good as new will be able to persuade the few who are destructive to mend their ways. A special thanks to the paper staff for their constant effort to persuade the student body to care for school property. We hope with the coming school year renewed efforts will be made to persuade all students to take advantage of the opportunities available to them.

For those who will be leaving us, we wish you all the success possible. To those who will be with us another year we hope you will have a safe and profitable summer vacation and the school year of 1965-66 will be a year of which each of us can be proud.

Thank you again for your cooperation, and I hope each of you have a wonderful summer.

Sincerely,  
James W. Burt  
Principal

## A Look Backward And Forward

As we Seniors approach that memorable and most important date, the 31st of May, the same thoughts run through our minds as have run through the minds of countless other graduating classes before us. Memories differ only in detail, and regret is colored over with the joy of expectation and excitement as it always has been. Only the year is different—1965. There will only be one 1965, and it belongs to us.

As any Senior will tell you, your Senior year passes faster than any other. It seems like only yesterday that we drove out to pick up our Senior rings. And was it really nine months ago that we first walked into this building as full-fledged Seniors and came face to face with the teachers we would be seeing every day for the rest of the year? We have many, many, memories of this year. Memories that only Seniors have. There was the long-awaited Kid's Day, the basketball battles between the Seniors and the Faculty, the day our boys came to school in orange pants, the victorious powder-puff football game, the hectic Senior play practices, the carwash for the Luau, and countless others.

But, now, when our thoughts are turning from the past and are centered on the future, we hope when our footsteps are no longer heard in the halls, we will still be known by more than a painted cardinal on the gym floor and shrubbery on the lawn. Only our memories can save them for us. But, yours are still before you, and we can only hope that we have, in some way, made a difference in them.

There are perhaps members of our class who have influenced you—girlfriends, boyfriends, casual acquaintances or maybe even someone you don't know but who was for you an ideal or who had qualities you admired.

Like any group of people we have our "bad" side and our "good" side. But as the school leaders for one year, we hope we can leave you with many memories so that in two years or in ten, when you hear the phrase "Class of '65" you will think of us and you will remember Kid's Day or our rowdy boys cheering in the gym at pep rallies.

I would like to leave you with one bit of advice. As you have heard over and over, the four years you spend in high school are some of the most important in your life. Use them well. Involve yourself in school activities. They are there for your benefit. The most enjoyable and meaningful part of high school can come from working with your fellow students in club and on class projects. When you look back on your four years, don't have to look on four years of weary labor. Make the most of them.

## THANK YOU, THANK YOU

The Cardinal wishes to express its gratitude to those persons and organizations who have aided in the acquisition of a camera to be owned and operated by our School. Many students have donated stamps and stamp book covers, which are worth almost forty dollars. These, with monetary contributions from Clubs, have greatly expedited the Staff in its campaign. The Senior Tri-Hi-Y, and the Student Council, have each donated \$50.00. The Hi-Y has contributed \$75.00. The Senior class has also agreed to help. The entire Cardinal Staff greatly appreciates the interest shown by these and other groups in the acquisition of this most important and worthy school project.
